JURY TRIAL DEMANDED

5. Rising Sun Police Chief Fairbanks knowingly allowed witnesses unlawful transgressions and theft of property from the Estate of Jacquie Fields and myself. The Wood Co. Probate Judge Woessner had earlier issued an order to the Rising Sun Police due to thefts by my estranged brother Robert L. GREN II. He is being sued both personally and in his official capacity for \$250,000.00 for each for a total of \$500,000.00.

6. Former Attorney Kurt W. Brudersly, who was assigned as counsel in 13-CR-402, 13-CR-452 in Wood Co., is being sued for aiding and abetting this illegal act and giving the State Attorney confidential communications to further aid the unlawful claim. He can not claim ignorance nor can he claim he had a legal right to advise me "I didn't stand a chance". He was not appointed in the uncharged heinous crime and to date the charge still remains unchanged. He is being sued in his official and personal capacity at \$250,000.00 each for a total of \$500,000.00. I also seek his disbarment from legal practice.

I ASK LEAVE to Amend or Modify these demands as this case moves forward.

STATEMENT OF EVENTS

While Awaiting sentencing at the Wood Co. Jail in case(s) only related to this matter by the fact(s) a SEARCH WARRANT WAS issued AND executed in July of 2013 on the property in this action and the fact I had been in that jail for all of the 9 months leading up to this event, the State claims Officer Fairbanks was called to my lawful home where a Dawn A. Minnick, estranged sister and estranged daughter to Jacquie Fields (deceased), claimed she had found child porn while at that house doing inventory and cleaning for the Estate. [THE State will not disclose the date nor will they prosecute her since she did in fact lie. Also the fact a month or so earlier the Rising Sun Police WAS issued an order to not allow people in the home I lawfully resided in.] The order from the Probate Court was due to thefts by my brother, Robert L. GEREN II. [PLEASE NOTE Dawn Minnick WAS NOT in our mother's will AND she knew 100% she had ZERO legal rights to anything of the Estate or execution duties as she claimed.

But as stated at the time of my arrest, the WARRANT issued clearly stated to SEARCH for documents and such. None were found. The police claimed they weren't looking then, but I have pictures showing them looking at where it was claimed the pictures were found by Dawn Minnick.

STATEMENT OF EVENTS

I will spare this Court the very obvious legal challenges as to this event.

At the time of this event, I had already entered a plea agreement on Jan. 14, 2014 on the Wood Co. CASE(S)-13-CR-402/452. Part of that deal was that no new charges were pending and that the minor matters in Toledo Municipal and Fostoria Municipal were to be concluded before I was sent to prison on a 2 yr. sentence. I was to be sentenced on March 10, 2014.

On March 9, 2014 at 9:30 am, my Attorney Kurt W. Bruckley came to the jail and told me sentencing was off. Told me a very vague ideas of the events at my home as to Dawn Minnick and the allegations. Told me I should plead out to 6 yrs on the allegations yet he hadn't seen a shred of evidence. Ignored all my due process rights. Would not hear my claims of NOT Guilty or any exculpatory claims of INNOCENCE.

After he left, I wrote him a very scathing letter and demanded he resign and withdraw my plea. He wrote back on March 29, 2014 and told me I had ZERO CHANCE OF winning and the evidence is so over whelming I'd get a life sentence if I didn't listen to him. Let's not forget I wasn't even charged and to this date still not charged. This Attorney conduct is very Disturbing !!

STATEMENT OF EVENTS

In April Mr. Brudely was taken off the case and a Lawrence Gold was appointed. It was the same as Kurt W. Brudely, no changes yet I'm stupid to not take the "deal." I do wish to reserves the right to maybe adding Mr. Gold at a later date.

During my preparation for Appeals in 13-CR-402-452, Mr. Brudely with held my case file, more importantly the letters I wrote to him in which I provided exculpatory evidence. He claims Mr. Gold has it. Mr. Gold knows nothing about it.

But in preparing this action, I reviewed the trial transcripts and noticed the State move AWAY from the position of Dawn Minnich finding the pictures, to a position of Found on my computer. [A computer they took at the start of the Wood Co. CASE(S)] this shift in position came at the same time I wrote Mr. Brudely and/or stated my position(s). Very similar to this actions position. I firmly believe Kurt W. Brudely did in fact aid the State in it's illegal attempt to frame me for a heinous crime with illegal evidence. [NOTE: I do have 100% proof it's not the first time Wood Co. has acted in a Vindictive manner and forced illegal acts upon me.]

CONCLUSION

ONCE this Court hears every detail of the illegal acts in this action, the Court will be shocked and AMAZED AS to how action so blatantly illegal have been allowed to persist to this point.

Just how much disregard and deliberate indifference as to my rights both under Ohio State and U.S. Law is just staggering. The sheer vindictive and just outright mean acts I've been forced to endure. Acts since Dec. 2004!

IF there WAS EVER A CASE that demanded this Court to hold these defendants in contempt and instigate a criminal investigation, I just CAN'T SEE it.

The actions are 100% despicable and should be stopped forever.

I pray this Court ~~hears~~ hears me. This has got to stop!! No Law enforcement bodies/agents should be allowed a pass on these heinous acts.
